

Project Brief

Project Title

Digital Marketing Campaign Optimization and Scaling – Project 2 (Yarn Charms)

Business Overview

Yarn Charms is a handmade crochet brand specializing in crochet flowers, keychains, mini bags, Quran covers, coasters, and custom-made crochet gifts. Following the successful completion of Project 1, Project 2 focuses on optimizing the existing digital marketing campaign using performance insights, advanced marketing techniques, and improved audience engagement strategies.

Project Purpose

The purpose of this project is to strengthen Yarn Charms' digital presence by improving content performance, expanding audience reach, encouraging community engagement, and applying data-driven marketing decisions. The project also explores mock paid advertising, influencer outreach, email marketing, and content repurposing to simulate a comprehensive digital marketing campaign.

Project Scope

Project 2 includes:

- Campaign optimization based on previous performance.
- Educational, promotional, and engagement-focused content.
- Mock Google Ads and retargeting campaigns.
- Influencer outreach planning.
- Email marketing campaign.
- Content repurposing across multiple platforms.
- Campaign performance analysis using analytics.
- Final portfolio and presentation.
- Expected Outcome

By the end of the project, Yarn Charms will have a more refined content strategy, improved audience engagement, realistic advertising campaigns, and a comprehensive marketing portfolio demonstrating practical digital marketing skills.
