

Paid Marketing Strategy

Overview

Project 2 expands upon the organic marketing efforts established in Project 1 by introducing mock paid advertising strategies. The objective is to demonstrate how paid campaigns can complement organic content to increase brand awareness, drive product inquiries, and encourage customer conversions.

The strategy focuses on attracting new audiences while also re-engaging users who have previously interacted with Yarn Charms' content.

Objectives

- Increase brand awareness among potential customers.
- Drive traffic to Yarn Charms' social media pages.
- Encourage inquiries for handmade crochet products.
- Re-engage audiences who previously interacted with the brand.
- Support organic content with paid promotion strategies.

Campaign Types

Campaign	Objective
Google Search Ads	Increase visibility for users actively searching for crochet products
Meta Engagement Campaign	Promote educational and product content to increase interaction
Retargeting Campaign	Re-engage users who previously viewed or interacted with content
